SUSTAINABLE EXPERIENCE.

Special nature experiences designed to be sustainable make it possible to experience, among other things, the contributions we make to reducing greenhouse gas emissions as part of leisure activities as “Austria’s most sustainable region” (award from the Austrian Ministry of Climate Protection and Climate Fund). With “GREEN Experiences”, we have awarded selected offers based on criteria where you can experience sustainability in a special way. Trained guides as nature ambassadors or rural food artisans convey regionality or provide information about sustainability measures in the region.

This way, you can feel the originality and learn to appreciate it (again). By the way: Did you know that 97% of our mountain world is almost completely unspoiled?

- Slow Food Travel - experience modules
- Guided hiking and bike tours
- Guided pleasure tours
- Energyexperience tours
- Barrier-free hiking

About behavior in nature:

In Carinthia, many plants are protected, which means that neither the above-ground nor underground parts may be removed. This naturally also applies to the unique Wulfenia Carinthisch, which is endemic to the Gartnerkofel on the Nassfeld.

Careful treatment of nature includes not throwing away waste - including cigarette butts. Empties should be taken home with you. It is important to stay on the paths and avoid shortcuts. Animals must not be disturbed or disturbed. Noise is frowned upon. Dogs must be kept on a lead and their droppings must be disposed of properly. The principle is that there should be no trace of your stay in nature and afterwards - then you have behaved correctly.

ACTING SUSTAINABLY TOGETHER

Energy. Mobility. Regional cuisine. Clean and honestly produced products.

If you want to make a lasting change for the better, you have to pull out all the stops. This is exactly what the Nassfeld-Pressegger See, Lesachtal and Weissensee region is doing. It sets a good example in many ways and has been awarded the title of "Austria's most sustainable region" for its commitment.

FRIDAY

OLD TOWN WALK IN HERMAGOR

MEETING POINT: 9.30 am Hermagor - entrance catholic church (Hauptplatz)

Hermagor was first mentioned in a document in 1169. Since then, a lot has happened in the former street market. From its beginnings through the Middle Ages to modern times and the present. A guided tour through the centuries and the ups and downs of a peripheral centre.
